

5th ICA Rectors and Deans Forum 2015

Addressing the challenge of nutritional security

Tom Arnold

*Director General, Institute of International and European Affairs (IIEA)
Interim Coordinator, Scaling Up Nutrition (SUN) Movement*

22 October 2015

Addressing the challenge of nutritional security

- Why has global food and nutrition security moved up the political agenda over the past decade?
- What initiatives have been taken as a result of this increased political prioritisation?
- What are the facts about the current state of global food and nutrition security?

Addressing the challenge of nutritional security

- What are the main challenges for global nutritional security in the coming decades?
- What are the current initiatives to improve global nutritional security?
- What more needs to be done?
