### **National and International Forest Policy**

Vilia Brukus, Swedish University of Agricultural Sciences, SE

# **National and International Forest Policy**

Euroforester master course, 15 ECTS credits around 30 students, 10-15 nationalities

CIE

e burt 9

#### Learning through **DIVERSITY**

Seminars on national forest utilisation policies, including student presentations & oppositions

### Learning through ACTION

Role play where students take on roles of stakeholders for an actual land-use problem

## Learning through GRADING

Nuanced learning of forest certification through a pedagogic sandwich, incl. home essays, debate, peer- and self-assessment

### Learning through REFLECTION

Reflective journals where students continuously reflect on the subject and their own learning
