

- Entrepreneurial learning activities:
 - Starting: Bc. study programme: Innovative Entrepreneurship (planned for 180 students) in the way of Team Academy concept
 - 5 years: one-semester course Entrepreneurial Skills (230 students)
 - What the real challenge is?
 - To convince not only students that different approach to education is possible and beneficial.
 - To get the right premises for teaching business and entrepreneurship.
 - To link the theoretical knowledge with the skill the students can practice.
 - To motivate the students learn from books, from each other, from experience.
 - To encourage students to be themselves and to be responsible for their own education.
