

# Integrating EIT Food and Strategic Dialogue in Advancing Agricultural Innovation at LBTU

Rector Irina Arhipova  
25.10.2024

**Latvia University of Life Sciences and Technologies (LBTU)** as a leading university in bioeconomy and related industries in Latvia

**EIT Food Hub for Latvia**, regional contact point, emphasizing its impact on regional innovation and agricultural development

**EU strategic goals** in agriculture align with LBTU's research priorities

# Strategic Priorities in Agricultural Research at LBTU

## 01

### **REGENERATIVE AGRICULTURE**

Efforts to build more sustainable farming systems

## 02

### **ALTERNATIVE PROTEINS**

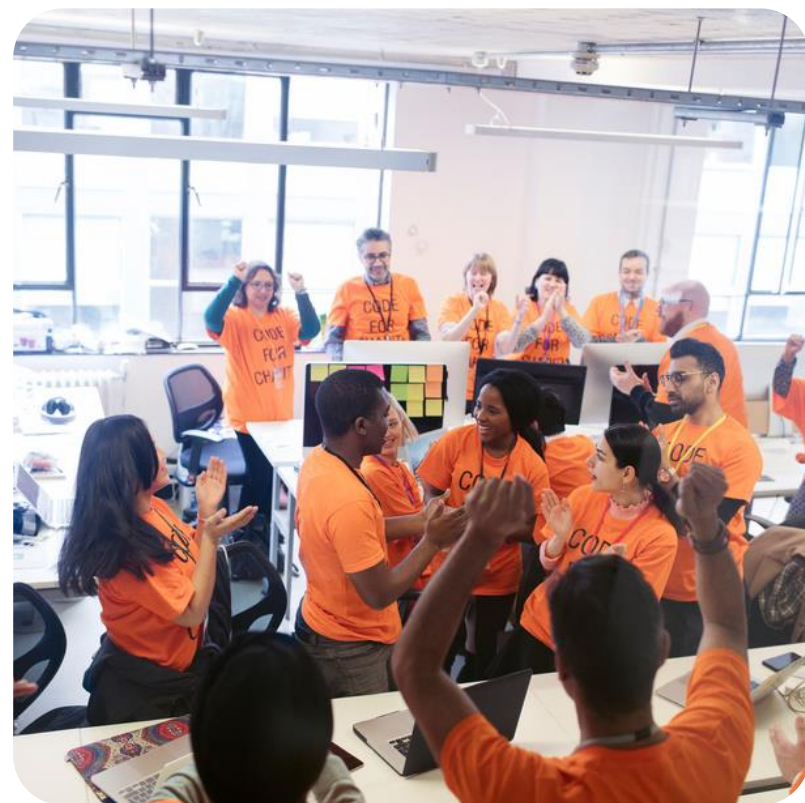

Research on sustainable protein sources to combat food insecurity

## 03

### **CLIMATE RESILIENCE**

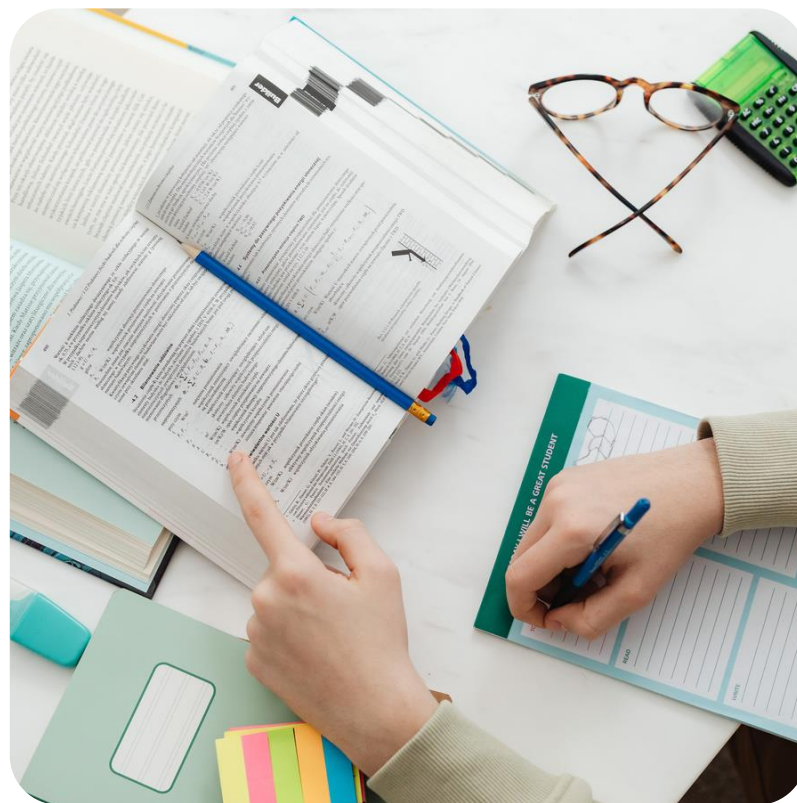

Innovation to address the impact of climate change on agriculture

# Role of EIT Food in Advancing Innovations

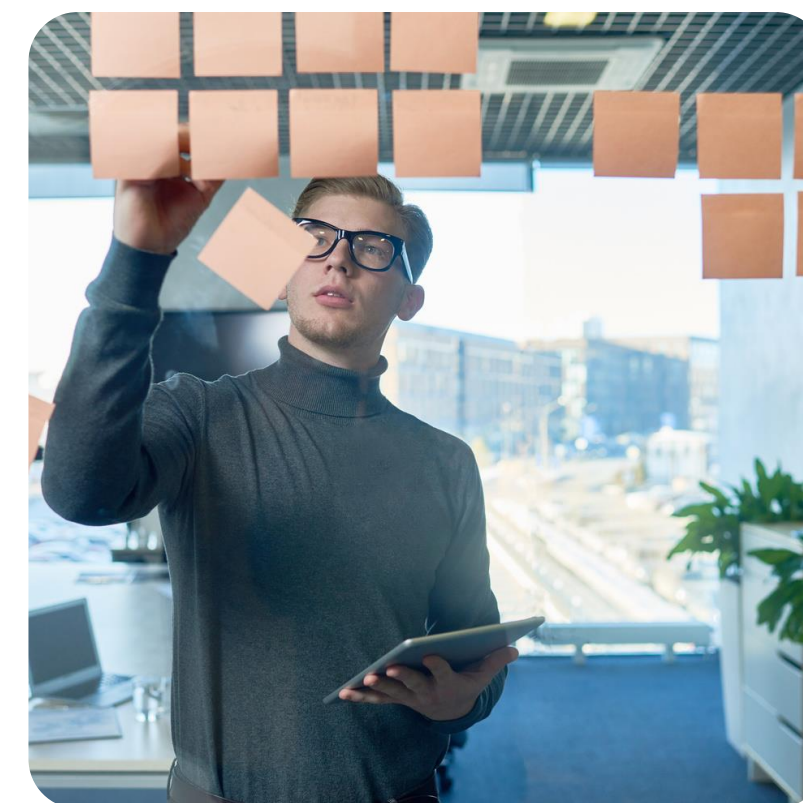

## INNOVATION EVENTS

organizes makeathons and hackathons to foster creative solutions and drive agricultural innovation

## EDUCATIONAL PROGRAMS

offers programs focused on sustainable food systems, preparing participants for future challenges in agriculture

## ENTREPRENEURIAL GROWTH

accelerates the transfer of knowledge and supports entrepreneurial ventures in the agri-food sector

# Aligning with EU Strategic Goals

Driving Innovation for Climate and Sustainability

## 01 BIODIVERSITY

Biodiversity Strategy for 2030

## 02 SUSTAINABLE FOOD SYSTEMS

Farm to Fork Strategy

## 03 CLIMATE RESILIENCE

European Green Deal, EU Climate Law (2021)

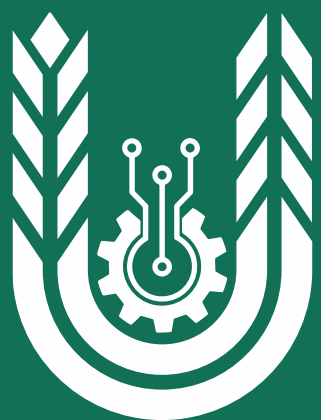

# Collaborating for a Sustainable Agricultural Future

**Commitment to  
innovation and  
sustainability**

**Partnering with EIT  
Food and EU  
strategic goals**

**Empowering startups  
for a resilient  
agricultural future**
